

# censhare Academy

Unlock a wealth of learning resources that will guide you on a journey of discovery, empowering you to fully harness the extensive capabilities of the censhare ecosystem.

## Online and On-Demand

Our training is completely online, therefore you and your team can complete them at your own pace.

## Team Discounts

Sign up with three or more people to get a team discount. Each member will receive their own access to the bootcamp.

## Ideal for Partners

Partners would be able to create and implement highly targeted custom solutions for customers.

Whether you are an experienced censhare user or just starting out, you can get access to on-demand training content that's relevant to your role, area of focus, and level of expertise, when and where it's convenient for you.

## Get Certified

censhare certifications are industry-endorsed credentials that validate your know-how and elevate your team's skills and efficiency by applying best practices and advanced techniques to leverage the capabilities of the censhare system fully.

## Self-Paced E-Learning Course Options

We offer self-paced online courses that you and your team can complete at your convenience. Our E-Learning courses feature extensive content, interactive quizzes, practical exercises, and live Q&A sessions with censhare product experts.

# Self-Paced E-Learning Subscription

Boost your censhare expertise with a wide array of courses designed to help you advance at your own pace. Unlock 12 months of unlimited access to the Academy's comprehensive self-paced training library.
